

# ALEXANDRIA METRO REGION

Affordable and Responsive to Business Needs

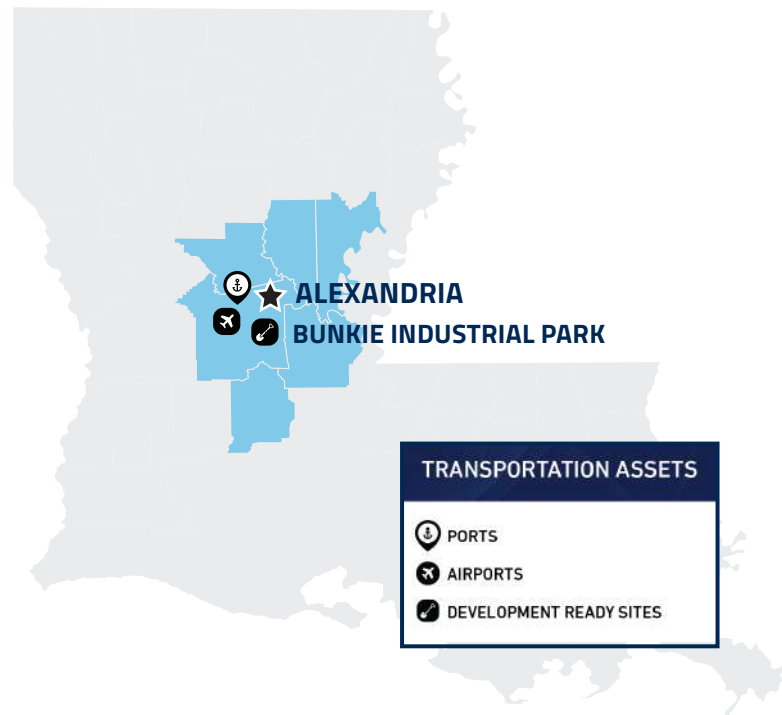

7 development-ready sites

POPULATION OF  
**251,207**

**37.8**  
MEDIAN AGE

The Alexandria Metro region consists of six parishes that provide powerful support for the food processing, paper, wood and chemical manufacturing industries.

Louisiana State University of Alexandria offers a continuous supply of skilled talent, graduating hundreds every year in everything from business administration with a concentration in management, to biology with concentrations in agriculture. Whether a business chooses to locate in Marksville, Alexandria or Pineville, it is sure to benefit from a strong workforce and engaged local leadership that is always readily available.

## SPOTLIGHT ON SITES

Bunkie Industrial Park — As a large, rectangular and flat site with a highly motivated surrounding community, the 149-acre Bunkie Industrial Park is development ready.

## HAYES MANUFACTURING: A DOMESTIC AND GLOBAL LEADER IN PINEVILLE

From a small shop with a single welding machine to a 150,000 square-foot fabrication facility with the latest metalworking equipment, Hayes Manufacturing is reaching new heights in the Alexandria Metro region and finding electrical success with Cleco's power capacity, personalized service and business relationship building.
