

# YOUR PARTNER IN POWERING ECONOMIC DEVELOPMENT

Plug into Powerful Support

Industry electrification and renewable energy impacts require a strategy reset. As companies prioritize a clean energy future, Cleco Power is reinvigorating its economic development strategy and is here to support your corporate goals.

Cleco and its dedicated economic development team are laser-focused on preparedness, making significant investments to offer clean and renewable energy, and engaging with local educational and talent initiatives to power Louisiana's present and future.

I have experienced **only the utmost professionalism from Cleco personnel**. I have witnessed the emphasis on safety on several occasions."

**CHRIS TROJACEK, ELECTRICAL SYSTEMS OWNER, PROCTER & GAMBLE**

## A RELIABLE PARTNER IN A RESOURCE-RICH LOCATION

**Nearly 100 development-ready sites**

**State-spanning service across 24 parishes**

**Flexible, reliable and responsive**

**Developing a clean and green energy future**

**The reliability is phenomenal.** If we have an outage, they're there. You need more service, they're there. They're always there when you need them."

**JAMES HAYES, CEO HAYES MANUFACTURING**
